Our Story

Brian and Breanna

Dear Birthparent(s),

Thank you for reading our letter and considering us as potential parents for your child. There is nothing we would like more than to add another child to our family.

We understand it is love for your child which has brought you to adoption. We greatly admire and respect this selfless decision you have made for your baby. It is a great honor for us to be considered to parent your child. Please know your baby will be loved completely and unconditionally in our family.

We look forward to developing a relationship with you and are willing to meet you before the birth if you so desire. We will diligently send pictures and updates and are open to additional correspondence.

Through open communication and children's stories, your child will know of their adoption, your courage, and your great love.

We cannot begin to imagine what you are going through during this time. Please know we are praying for you and your child as you make difficult decisions for your future.

Sincerely,
Brian and Breanna
