

**TREVOR, KRISTEN,
ISABELLE, SEAN,
& BRIELLE**

Hello,

Thank you for taking the time to view our profile. We know you have a lot of tough decisions to make during this time and we are praying the Lord will give you clear wisdom for each one. If chosen, we are ecstatic to welcome your child into our family and love them forever. Kristen is a full-time stay-at-home mom, so your child would be cared for daily by her. If you desire it, we plan to tell your child all that we can about you: how you loved them and cared for them so much that you were willing to make hard decisions for their benefit and yours and how you chose life for them. We know the importance of keeping your relationship healthy and open with your child and we want to foster that by being willing to meet and send pictures. Your child will be welcome and loved by all in our life!

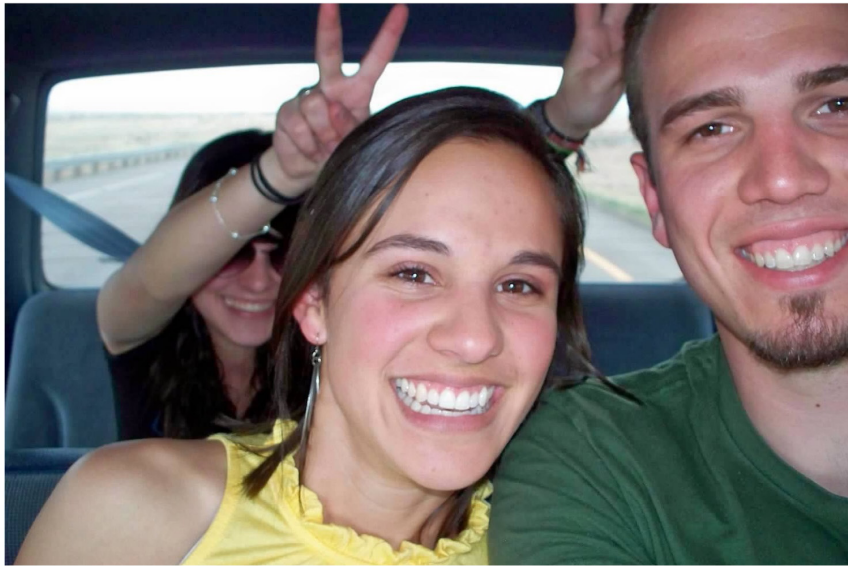

Both of us come from multicultural backgrounds and as a result, we would love to embrace any child and heritage in our home, celebrating each for God's creative expression. It is a great honor for us to be considered to parent your child. We believe that whatever path you and your baby are on God has his hand in your lives and we pray you can have peace on this journey. We are praying that God keeps you safe and healthy, that He would wrap you in His love, and comfort you

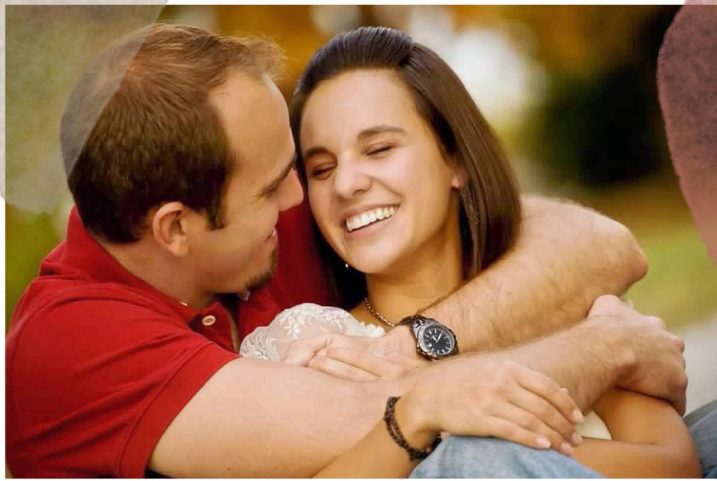

Love,

Trevor and Kristen

We met working at a potato farm owned by mutual friends in the summer of 2006. We became good friends and 2 years later started dating. Our first date we went to see *The Chronicles of Narnia* in theaters.

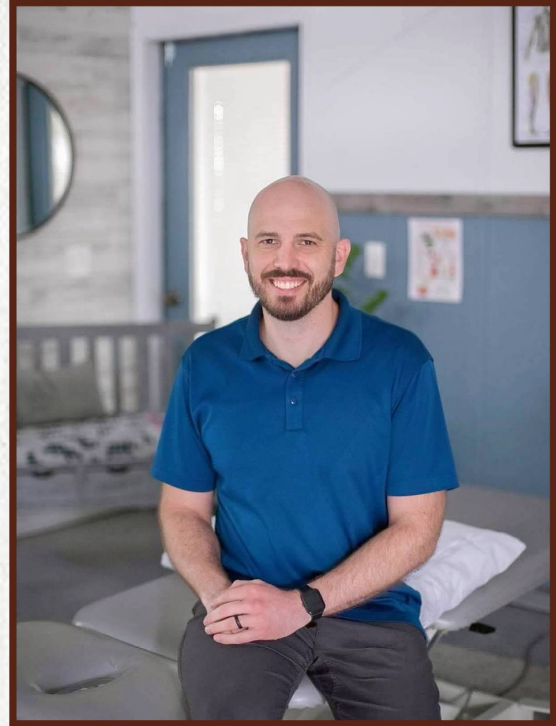

We were engaged in May of 2009 and married that November on Thanksgiving weekend at the church where Trevor used to work. We kept our wedding simple so we could have more time to spend with our family and friends who had traveled to celebrate with us. Little did we know keeping things simple would be our style. It was during our wedding planning that we first started dreaming of adopting.

Trevor is a physical therapist. He grew up overseas in Africa and Ecuador with his family. He is fluent in Spanish, loves basketball, drawing, and just about anything active and outdoors. He is currently the worship leader at our church.

Kristen gets to be home with the kids and currently homeschools our oldest. She leads a women's Bible study and takes (or makes) as many opportunities as possible to get the kids out on field trips, play dates, and adventures of every kind! She grew up in Colorado and loves to be outdoors in warm weather or skiing in cold weather.

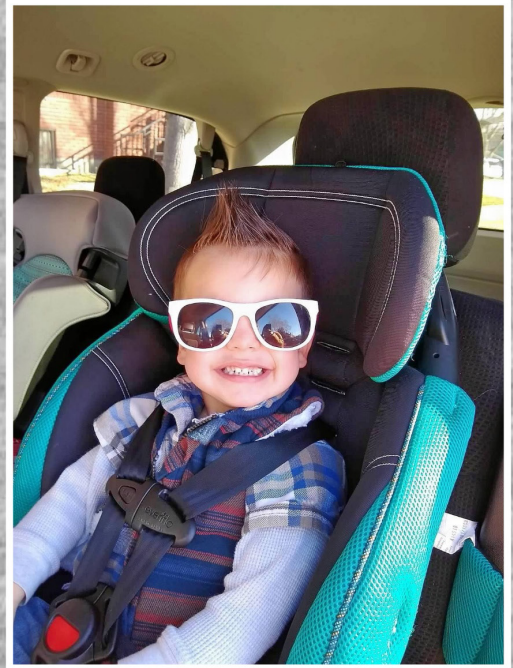

Isabelle age 8

Isabelle loves to read books and most days enjoys school. Her favorite things are playdates, going to the river or playgrounds, singing, dancing, and anything where her friends are. She can't wait for a new sibling!!

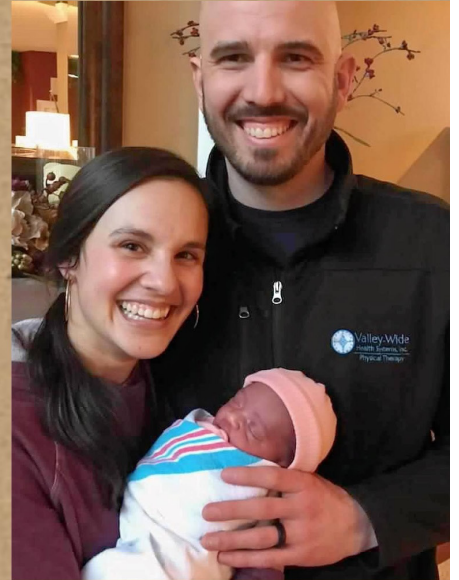

Sean Age 5

Sean brings much joy to our house with his silly rough and tumble personality.

He loves to tell jokes and make silly faces, read books, and be outside. He loves babies!!

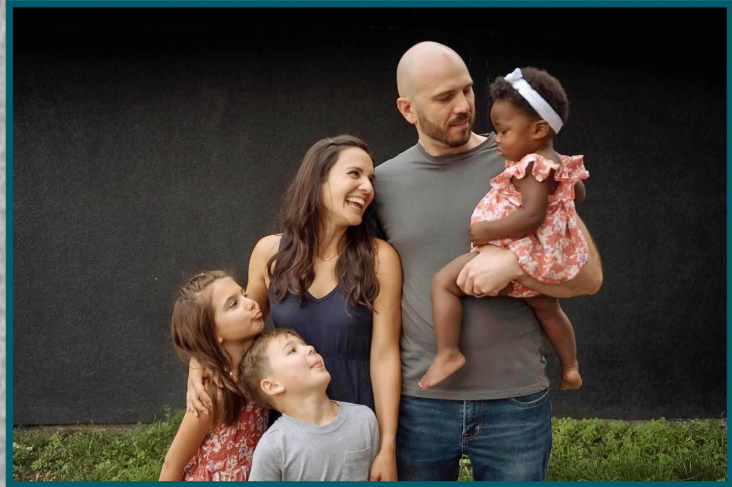

Happiness

Brielle age 1.5

Brielle is just trying to keep up with her bigger siblings. She is a happy girl and loves to play tackle, peek-a-boo, or copy cat. She has brought us so much joy!

Family.

About Us

We are a family that embraces simplicity so we can enjoy more time having fun with each other and making memories.

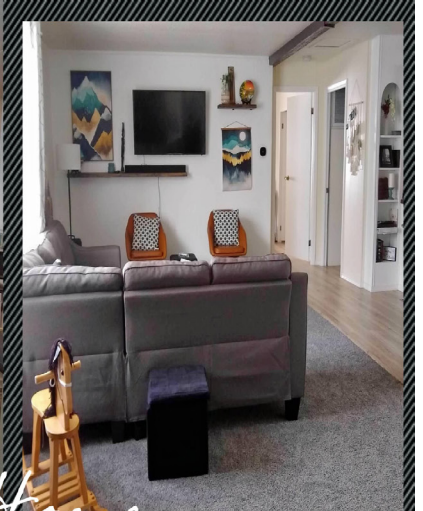

Favorite Foods: pizza, Mexican, cheesecake, & ice cream

Family Fun: hiking, biking, skiing, floating the river, or just hanging out at a park playing whatever sport we're currently into. Including lots of friends in adventures is a must!

Growing our family through adoption has been our dream since before we married. Kristen's grandparents fostered many children and adopted 3 of them in addition to their four biological children. Our friends and family are excited to welcome your child into our lives!

Why Adopt?

*Wanted,
Chosen,
Loved.*

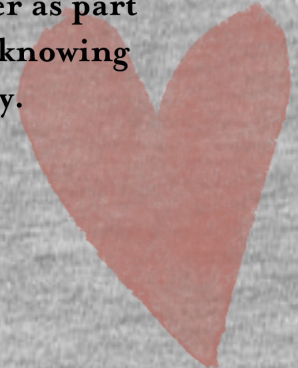

As mentioned before, our plan and hope have always been to adopt one or more children, Lord willing. After our first two children arrived prematurely, we realized that additional pregnancies were a risk for Kristen.

We were blessed with our first adopted daughter in 2022 and became even more excited to be able to grow our family in this way. We believe that God has written all of our stories and have seen how he is intimately involved in our daily lives. He knows and orchestrates each detail. We would love for you and your child to be a part of our story and we hope to be a part of yours.

Our Promise to You

We know that your story is extremely important to your child's identity and we plan to tell your child all that we can about you, should you be willing. They will know from early on how much you love them. We know that God has a purpose for every life, yours and your child's and we will do all we can to remind them of that truth. Your child will know from a young age how the Lord worked to bring our stories together to create your child's story.

We know that there can be cultural aspects to consider and it would be our privilege to help your child learn about their heritage while also helping them see how they fit into our family. Your heritage, your life, and your diversity will be celebrated in our home and your child will be reminded often of how God has orchestrated all of these things together as part of your child's special story. Your child will be raised knowing they are valued, respected, and loved immensely.

THE LORD YOUR GOD IS IN YOUR
MIDST,
A MIGHTY ONE WHO WILL SAVE;
HE WILL REJOICE OVER YOU WITH
GLADNESS;
HE WILL QUIET YOU BY HIS LOVE;
HE WILL EXULT OVER YOU WITH LOUD
SINGING.
