

TESSA & TYLER

Hi there!

We would like to thank you for looking at our book! We are excited to add to our family AGAIN! After many tries, our adopted daughter was born on September 26. When we brought her home we already had a foster placement. Having 2 babies for 10 months was the best gift. We know we are meant to have many children whether by foster, adoption, or biologically. We will be praying for you and the little one as this will be a difficult journey. We hope this book comforts you and lets you see how much love we have to give.

Tyler had a crush on me in high school. Since I am two years older, I wasn't aware of who he was. We had our first date on January 1, 2015 and were married October 23, 2015. In August of 2016 when our niece was born, we knew we wanted to start our own family. We met our daughter on September 27, 2022 when she was 1 day old. We officially adopted our baby girl in December of 2022.

ALL ABOUT

Tyler

A NOTE FROM TESSA

Tyler works very hard. He is the most giving person I know. Also, he is fearless and calms me down when I worry. Over the years we have grown closer together.

His dream has always been to be a dad and he is a great one! Tyler is truly a great father. We both work 3 days a week so one can be home at all times. I don't know any man who is willing to stay home with babies and love it as much as he does.

We have loved our home and have made many memories here. We are in the approval process to build next to Texas family. We are excited to live next to grandparents and have our babies learn the value of hard work and the farm life. We look forward to many more memories.
