

KEITH AND ELIZABETH

About our family

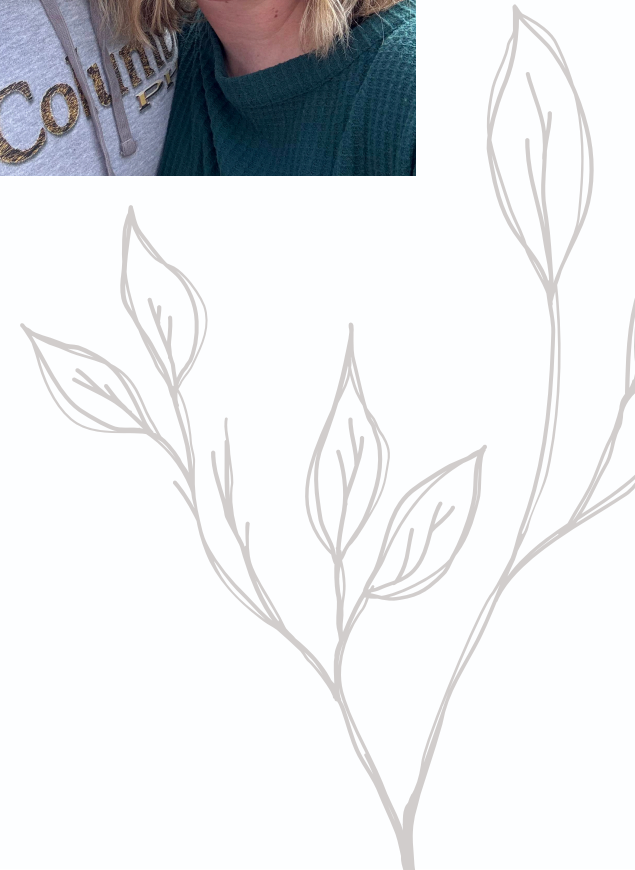

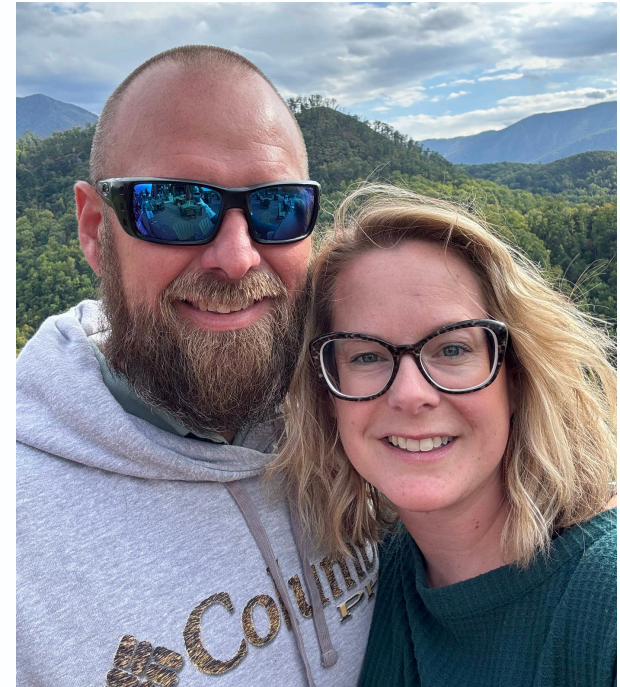

Hello

Thank you for taking the time to get to know us! We have the most respect and admiration for you in considering adoption for your baby. We hope that through our book you can get to know a little about us, our family, and all the love that we have to share.

As you go through this journey please know that you and your baby are prayed for; we believe that God has a plan for each of us and that He will provide you peace along your journey and in your decision.

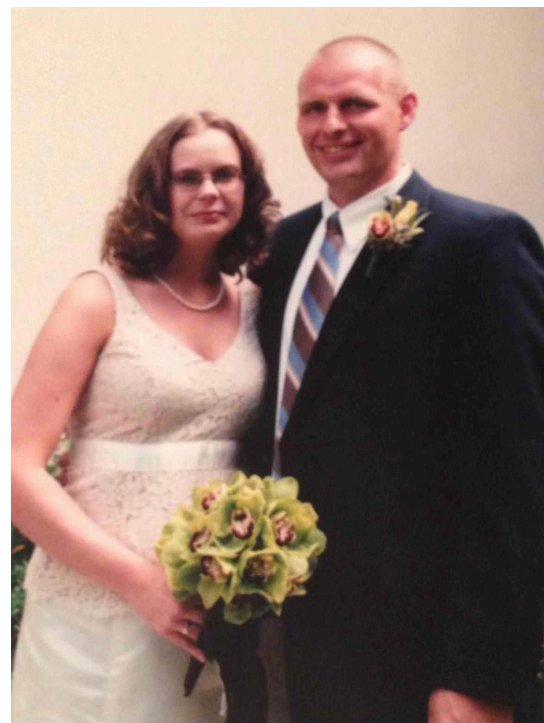

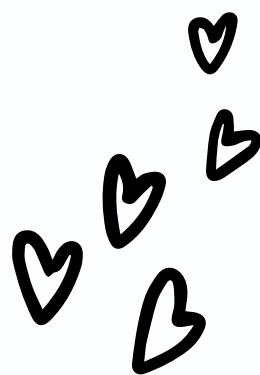

Love, Keith and Elizabeth 

We met in college and have been together over twenty years now. We married in 2006 in a sweet garden ceremony and have had many adventures together since! In 2023, we welcomed our beautiful daughter Annabelle into our family through adoption. As a fun loving family, we enjoy traveling, spending time with loved ones, and working together outside around our property.

Our relationship is full of laughs and fun and built on a deep foundation of trust and respect.

When we built our home we placed a verse on the doorway of the nursery; our prayer for a child and their future hopes and dreams.

Our home is in a rural area with lots of space to grow and enjoy the outdoors. We built our home a few years ago on acreage where we spend our time with our cat, dogs, chickens, and small herd of cows. We love to spend time outdoors playing and caring for our animals.

Our community is a family friendly place where everyone knows each other. We spend time attending Church, ball games, cookouts, local events and concerts, and other community events. One of our favorite traditions is the annual Christmas parade, hot chocolate and lights with family and friends each year.

Sweet Home

Our animals are one of our favorite things! They get many treats and hugs.

We have 5 siblings between us and many close friends who are family that we spend weekends, vacations and holidays with celebrating. Our family includes so many loving and supportive people who live close to us or within a couple of hours to our home so that we can spend a lot of time gathering and raise our families together.

One special thing that we love about our family is that we have experienced the journey of adoption. Our daughter Annabelle was born into our family through adoption, and has been such a wonderful blessing to everyone she meets. She will grow up knowing the story of her journey of us becoming a family and be able to share that with a future sibling.

Having family and friends as well who have gone before us and can share advice along with cousins and friends who were adopted is a blessing for our daughter and future family. We are grateful for the love and support from our special family and friends.

Memories

Many years together (over twenty now) make for many memories. Graduating college, moving a few times, building a home, starting careers, and the best part: starting a family. A lot of laughs, fun, a few tears (and some bad hairstyles!), but most of all so much love.
