Hello + Thank You

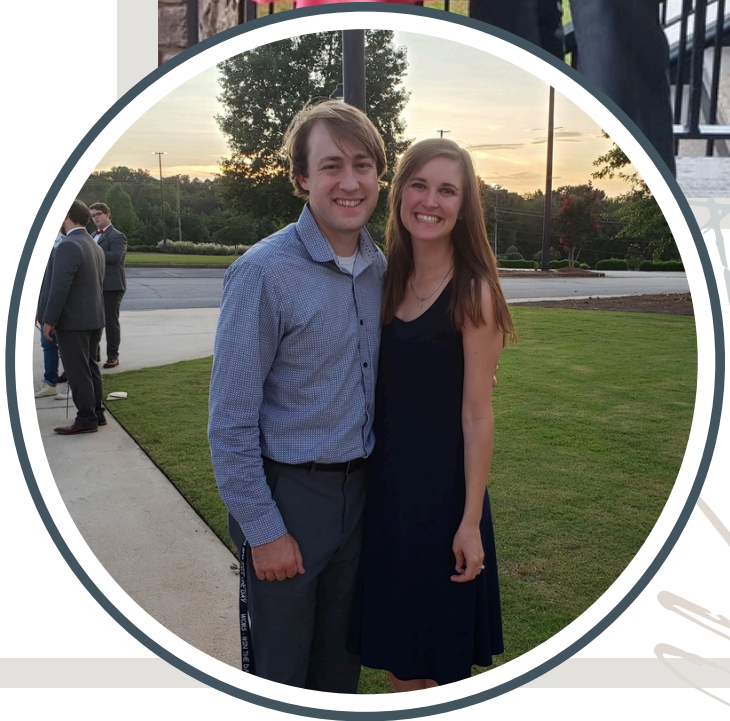

Hi there!

We are so thrilled you have taken time to get to know our family a little more. Adoption has been on our hearts for a long time. We are so thankful for you and the life you are bringing into this world. We count it a great gift to bring this child into our home and family. We will love, cherish, and nurture this sweet life that we are given. Our children are so excited to welcome a baby into our home.

We hope you enjoy getting to know our family and can feel the love we have through these pages. Thank you for your courage, love, and graciousness!

We are grateful for you!

ALL ABOUT *Holly*

A NOTE FROM LEVI

Holly is a very patient and gentle mother. She is kind and thoughtful and is always looking for ways to show love to those around her. Her deep care for our children is evident in how she teaches and encourages them daily. She brings joy and a laugh that is contagious to all. She loves to welcome people into our home to have a cup of coffee and encourage them. Her love for people, family, and community are just a few things that make her the most joy filled and loving wife, mom, and friend. She cannot wait to share that love and joy with another little one!

ALL ABOUT *Levi*

A NOTE FROM HOLLY

Levi is an amazing husband and father. His love for kids is evident with how he is always looking for ways to teach them, give them attention, and encourage them. He always brings fun to every situation. All the while his understanding and patience are some of his greatest attributes as a father. He is always the first one to start up a game with the kids, whether it is a board game or a sports game. He is so intentional about spending time investing in younger children. He also enjoys baking and teaching our children the basics of how to make the best chocolate chip cookies. He makes sure that our home is warm, welcoming, and always has fresh baked cookies for all the friends and family who come into our home.

Our families live in the same community as we do, and we love getting to see them often. Grandparents love coming by to play with the grandchildren. The children love making cookies with grandma and playing outside with grandpa. We also have lots of cousins who live close by that we get to go to the park or the library with. Both sets of grandparents are excited to have another grandchild to love and spoil.

OUR Family

We are very involved in our community and have lots of close friends who we meet with on a regular basis. We enjoy cooking for and hosting friends and family. Our children love the community we are involved in and look forward to the days when we get to spend with with our friends and family.
